## CHAIRMAN'S ROUND UP

I made reference in the February issue to the flooding issues experienced in January in parts of the village, and I am pleased to say that a meeting is arranged and will be held in January (before this issue is distributed) and representatives from NELC., Anglian Water, Drainage Board and Sutton Estates will be attending along with residents of Great Coates Road, Aylesby Lane and Fords Avenue to discuss this issue, and hopefully hear what progress can be made going forward to help stop/alleviate this issue.

The PC are also pleased to announce that as well as our fund raising for this year - details to follow - we are also supporting 4 students of Healing Science Academy who are embarking on their Duke of Edinburgh Bronze medal. They have approached the PC to see if they could volunteer in the Community and organise litter picking at weekends in various parts of the village. The PC will then confirm that this has been carried out. We were more than pleased to support them on this, so if you see them when they are "picking" wish them well, and thank them for their efforts and hard work!!

HEALING PARISH COUNCILNOTES FOR  
MARCH 2025

E mail: [healingparishcouncil@outlook.com](mailto:healingparishcouncil@outlook.com)

The February 2025 meeting was held at the Village Hall, as usual .

Highways/footpaths

The quarterly meeting with NELC was held in early February to discuss issues around the village raised by both the Council and residents and to receive update from NELC on its schemes etc. The Chairman has organised a meeting to discuss flooding issues raised at previous meetings, with all stakeholders going to be present.

Planning

The following applications were dealt with at the meeting:

**Planning Application Reference: DM/0027/25/FUL**

**Proposal: Extension to roof at the rear over existing single storey extension to create hip at rear, re-roof of existing dwelling and re-siting of solar panels with associated works**

**Location: 12 Nicholson Road Healing**

*No objections*

Plans at meetings are always projected onto the screen so all those present at the meetings can see the drawings, proposals and information relating to the planning applications

## POLICE REPORT

### Wolds Ward Healing Update

#### Crime

There were thirty eight reported crimes across the Wolds Ward during January. Seven offences were reported in Healing.

Between 16<sup>th</sup> & 23<sup>rd</sup> January, an insecure garage at a property on Nicholson Road was entered. Tools were stolen.

Around teatime on 10<sup>th</sup> January, three youths approached a motorbike parked in a bike shed at the owner's place of work on EuroParc. The youths damaged the steering lock but were disturbed by staff and left the scene before anything else occurred.

Other crimes include:

Threats by a neighbour to cause damage to a resident's car for parking in front of his property.

One report of harassment.

Two assaults.

Sending inappropriate photos over social media.

There were two reports of ASB.

Two reports of motorbikes being ridden illegally on Station Road and on land at the rear of Healing Manor.

Your local Neighbourhood Policing Team appreciates the importance of being in the right place, at the right time, for the right reasons to reassure the public, improve public confidence and reduce crime and anti-social behaviour in the area in which we all live and work.

We encourage all residents to call and report any issues where they live so that we can deal with any issues and step up our patrols in the area. The number to call for non-emergency issues is 101

The named officer for Healing are:

#### Green Agenda Group

The Group continues with its schemes and has now put up the bird boxes in the Woods by the park. Planting from last year has been successful and tree maintenance etc. continues.

#### Events

Next couple of events are the Seniors Lunch on Friday 28th February and then the Quiz Night on Saturday 8th March 2025. Then on Saturday 15th March there will be a family bingo night up at the Hall and then a Pamper Night on Friday 9th May.

The Council has set its events programme for 2025 and so do follow advertising both in the Newsletter and on our social media pages.

Please keep your eyes peeled for details of all these events!

#### Village Hall

Solar panels are now fully operational and are already providing a refund on our energy costs. There are a couple of regular hiring slots still available on weekdays if any groups are interested in taking them. Please contact the Clerk if you would like further details.

#### Scout Hut

Scout hut building works continue with some restricted access to the Hall and car park. End date is scheduled for early Spring. The temporary footway is being regularly cleaned by the building contractors to assist hall users.

Parish Council notes continued.....

### Parks and outdoor spaces

The Bowling Season will start again in Spring and the Parish Council continues to support the bowling club with maintenance of the green etc. The tennis nets will be put back for half term and then Easter holidays.

### Finance

All financial information is on the Parish Council's website.

The Council published its budget in the last edition of the Newsletter but its also available on our website.

Paper copies are available of certain documents although there is usually a small charge for these as they are downloadable from our website.

### View from the pew

How often do you ask someone, 'How are you'? The reply is often 'OK' when you know all is not well with that person. It is not easy to be honest about our struggles, is it?

Perseverance is one of life's big challenges. What are your struggles in life? Health, relationships, finance or some other personal issue?

I find my Christian faith enables me to cope better with the experiences of life not so much because of what I believe, or what the Bible says but more because I make time to be still and feel and listen to Jesus in my life.

The six weeks of Lent begin with Ash Wednesday on March 5th. Common tradition is to give up something for Lent, most often something quite trivial, like sweets or drink.

But Jesus after 30 years as a Carpenter goes into the desert to review his life, to give up his way of life and he comes back committed to care for people, whoever they are and whatever the cost. Eventually the cost is that the leaders of the nation decide to kill him.

So perhaps this time of Lent is for us to review our lives, discover a new purpose to help us cope with all the struggles but also to care for others and help them with their struggles.

Persevere and know God is with you. This will bring you true joy.

Welcome to my page!

With over 20 years experience as an independent travel agent, and a genuine passion for travel, let me offer you the benefit of my experience and travel knowledge to find you the perfect holiday.

I worked my way up from travel consultant to branch manager in a local travel retail store, so the next obvious step was to work for myself. I simply love helping my clients plan and book their travel dreams, and you should always do what you love!

I can offer just about every type of holiday under the sun... from beach escapes and short breaks, to cruises and bespoke, luxury packages. Whether you're planning for a holiday with the family and/or friends, getting away as a couple, or looking for a bit of "me-time" as a solo traveller, I can find the best deal for you.

I pride myself in offering you unsolicited advice, and a service that shines with a friendly, personal touch. As I'm independent, I set my own hours, which means I can offer flexibility to help at a time that suits you.

Your holiday booking is backed by The Holiday Village - part of the Travel Village Group - so we can offer you peace of mind with ABTA bonding and ATOL protection. We're a fourth-generation family business, established since 1959, so we have a history of providing our clients with amazing holidays the world-over.

Let's start the journey for your perfect getaway now - I'm just a call or email away.

### Chinese New Year

The children in Foundation Stage have been celebrating Chinese New Year. They have engaged in themed activities as part of their continuous provision as well as tasting Chinese food.

### NSPCC Number Day

On Friday 7th February the children of Healing Primary Academy celebrated Number Day to raise money for the NSPCC. The children came to school wearing something rock star themed (inspired by TT rockstars) or number related. The children in Foundation Stage and KS1 completed number themed activities whilst the children in KS2 battled it out to be crowned Healing Primary Academy's Times Table Rockstar champion of 2025.

Almost all of our KS2 pupils aimed high and entered this competition in their classes. Following this initial round, 21 pupils secured a place in our LIVE tournament in assembly. Our pupils were resilient and incredibly courageous.

From understanding not everyone can make it to the live final on this occasion, to playing in front of 200 pupils!! Each and every one of them made us proud. The audience was electric!

Congratulations to our KS2 finalists!

In 1st place we had Leyton, our TTRS pro!

In 2nd we had Freddie and 3rd was George G.

### Learning About Leadership

Our Pupil Council met recently to discuss the essential skill of leadership and they started work on their leadership booklets.

We thought about ourselves as leaders and how we need empathy to help support our peers within our communities. The Council realised that the many of the trust's DANCE values dovetailed the leadership skill and the role of a pupil councillor.

### Big Garden Birdwatch

The children in Year 1 have recently taken part in the Great British Garden Birdwatch. We were joined by Mr Francis from the RSPB who taught us how to identify common garden birds.

The children spotted a range of garden birds as well as a squirrel or two!

## Community Champion Brody

Brody continues his community green works and is seen here accepting planters from local resident Martin Thornley to enhance the village environment.

Brody had already supplied us with bird boxes and these have now been put up in the small woodland area on Poplar Park near the Village Hall.

*Brody is seen here with Mr. Martin Thornley and Cllrs. Paul Fieldgate and Hannah Jones*

## Know Your Parish Councillors

### Cllr. Kevin Briggs

I have lived in Healing for more than 12 years and I'm very fortunate that my two daughters and their families are also village residents.

Most of my working life has been in the Humber Bank area working for companies including Novartis on the South Bank and INEOS on the North Bank.

I decided to become a parish councillor as a way to give something back to the community as I think Healing is a beautiful place to live and this is a great way to get involved more in village life.

## HEALING GREEN GROUP

It has been a quiet few months with the chilly weather and short days so it's not been possible to get too much done.

The main patch of stinging nettles at the Moated Settlement were cut back and then sprayed. It should now be possible to clear that area completely and develop it as a nice grassy picnic place over the next couple of years.

Around 80 bare-root tree and hedge plants from the Woodland Trust have been planted around the Moated Settlement. They are very small at the moment so will need to be looked after to prevent the weeds from winning. So fingers crossed. Some of these trees have been used to mark out a large circular section which is being cleared and can then be set-up as a wild flower garden which everyone can contribute to.

Two substantial bird nesting boxes which were donated to Brody Cartrer for his Healing eco project have been put up in trees adjacent to the Village Hall. Brody is also going to convert two boxes made by a local resident into bug hotels which we will locate at the other end of the village.

So, hopefully, all good for improving biodiversity in the local area. But there is still lots more that can be done so if you have any ideas or there is something you want to do, please contact me: [daves@healingparishcouncil.com](mailto:daves@healingparishcouncil.com)

Looking forward to a nice green Spring

Dave Spreadborough

taken days using traditional methods. The data I collected was processed in Reality Capture, outputting a highly detailed render of the site's topography.

Photogrammetry models are limited by what the camera can see, and unfortunately the thick vegetation on site prevented this model from showing the intricacies of the former settlement. Despite this, the data that was produced is still incredibly useful. The terrain model we were able to produce could be invaluable when planning construction, investigating flood risk or assessing the volume of materials or tree cover.

LiDAR uses lasers to collect data, making it less limited than photogrammetry's image-based collection but substantially increasing the post processing. When we return to the Moated Settlement in the coming weeks, our drone will be able to penetrate the site's foliage, potentially uncovering archaeological remains from Healings past.

If you would like to learn more about these captures, or if you think you could make use of our drone services, feel free to contact me at [ewan@surveyair.co.uk](mailto:ewan@surveyair.co.uk) or check out our website at [surveyair.co.uk](http://surveyair.co.uk).

## UAV Mapping Missions at Healing Moated Site

Survey Air is a professional UAV company that has conducted aerial building surveys nationwide for the last 5 years. As part of my role as UAV Specialist, I'm currently leading the expansion of our drone services into high-accuracy geospatial mapping. Using advanced drone technology, we capture real-world data from buildings and landscapes, processing it into 3D models and point clouds with sub-3cm accuracy. These models can then be refined and exported into various industry formats, providing valuable insights across industries.

In January, we were looking for sites where we could test our new methodologies, and as a Healing local, I immediately thought of the Medieval moated site as a great candidate. Capturing the site from an aerial perspective could reveal features of Healing's past that aren't visible to the naked eye. The location and surroundings of the field also gave us a great opportunity to verify our data's value for industries where precise pre-site assessments are essential. We planned two aerial surveys of the site, each using different technologies. The first, completed in January, used photogrammetry, while the second, scheduled for the near future, will use a LiDAR scanner.

The photogrammetry capture was a success. Within 2 hours I had gathered a comprehensive data set, something which would have

## HEALING AND DISTRICT GARDEN CLUB

We were delighted to welcome to the February meeting 3 volunteers from the Cleethorpes Wildlife Rescue and what an amazing insight they gave us into the work they do in rescuing wildlife locally and then often transporting them many miles to specialist recovery centres, all this done in addition to their day to day jobs.

We heard of rescues of very small animals, a baby otter trapped in a car engine to the enormous whales stranded on Cleethorpes beach, and every size animals and birds in between.

Members and visitors were able to show their appreciation of the work done by the rescuers with the most generous donations they gave in addition to the donation given by the Club.

At the start of the meeting we held our AGM during which we heard of the speakers and activities held during 2024, which reminded us of what a successful year we had.

A full programme of speakers and visits for 2025 is available now starting with Mark Padgett from Driffield, March 4th, with his talk entitled 'Why Alpines', and as someone who loves alpines I say why not!

We meet the 1<sup>st</sup> Tuesday of every [month@7.30](#), so our next meeting is 4<sup>th</sup> February at Healing Village Hall, Poplar Rd .
